**MASTER OF LIBRARY INFORMATION SCIENCE**  
**PROGRAM CODE: 10PGR008**

**PROGRAMME EDUCATIONAL OBJECTIVES (PEO'S)**

The Master's Degree programme in Library and Information Science is meant to impart necessary training and skill for effective organization and management of libraries and information units. The main purpose of the programme is to help those, who are already employed in different libraries, to upgrade their professional knowledge and become competitive for betterment of their career and employment. The objectives of M.Lib.I.Sc. course are:

- **PEO 1:** Human Resource Development in the field of Library and Information Science.
- **PEO 2:** Developing academic foundation in librarianship.
- **PEO 3:** Capacity building in documentation.
- **PEO 4:** Skill Development in information handling.
- **PEO 5:** Increasing information literacy of the society.

**PROGRAMME OUTCOMES (PO'S)**

On successful completion of the M.Lib.I.Sc. Course the Professionals become eligible for serving Library and Information Centres of Schools, Colleges, Research and Development Organizations, NGOs etc. in executive capacities. Graduate in Library and Information Science is a transformed human being with following competencies:

- **PO1:** Academic Librarianship
- **PO2:** Special Librarianship
- **PO3:** Community Librarianship
- **PO4:** Organize Information Resources
- **PO5:** Advocacy in Information Literacy
- **PO6:** Content Aggregation
- **PO7:** Content Organization
- **PO8:** Accompanying Learning Process
- **PO9:** Reference Librarianship

**PROGRAMME SPECIFIC OUTCOMES (PSO'S)**

Graduates of the Library and Information Science program will be able to:

- Preparing him/her for national level competitive examination

**Course Outcomes**

- Student's expected capabilities in this area at the end of semester.
- At the end of the course the students should be able to identify the problems and capable to decide the application for future development.

**Course Code: 6HMLS105**

**Course Name: INFORMATION RETRIEVAL & NETWORK CENTERS**

**Course Objective**

- To provide an overview of Information Retrieval.
- To introduce students about insights of the several topics of Information retrieval such

- as – Boolean retrieval model,
- Vector space model Latent semantic indexing,
- XML and Image retrieval model.
- To provide comprehensive details about various Evaluation methods. d. To provide Implementation insight about the topics covered in the course.

### **Course Outcome**

- Student's expected capabilities in this area at the end of semester.
- Capable students in the basics of professional skills for information / knowledge management, so that they serve the society through their knowledge.
- To give the students an understanding of the basic principles of Library and Information Science and to enable them to understand, appreciate and develop.

**Course Code: 6HMLS201**

**Course Name: PRESERVATION AND CONSERVATION OF LIBRARY MATERIAL**

### **Course Objective**

- Make him/her alert and sharp about Surrounding Library
- To be able to understand the different kinds of Library Material
- Complete Development about Library Preservation and Conservation.
- Making Research in mind and approach.
- To be able to understanding The Library Management
- Complete Knowledge about Library Acquisition and Preservation
- Preparing him/her for national level competitive examination

### **Course Outcomes**

- Student's expected capabilities in this area at the end of semester.
- Students should be able to identify the problems and capable to decide the application for future development.

**Course Code: 6HMLS202**

**Course Name: RESEARCH METHODOLOGY**

### **Course Objective**

- Make him/her alert and sharp about Surrounding Library Research
- To be able to understand the different kinds of Library Research
- Complete Development about Library Research
- Making Research in mind and approach.
- To be able to understanding The Library Research
- Complete Knowledge about Library Research
- Preparing him/her for national level competitive examination

**Course Outcomes**

- Student's expected capabilities in this area at the end of semester.
- Students should be able to identify the problems and capable to decide the application for future development

**Course Code: 6HMLS203****Course Name: ACADEMIC LIBRARY SYSTEM & SERVICES****Course Objective**

- Make him/her alert and sharp about Surrounding Academic Library
- To be able to understand the different kinds of Academic Library
- Complete Development about Academic Library
- Making Research in mind and approach.
- To be able to understanding The Academic Library

# **DOCTOR OF PHILOSOPHY (Ph. D – Geography)**

## **PROGRAMME CODE: PH.D001**

### **PROGRAMME EDUCATIONAL OBJECTIVE (PEO'S)**

The structure of the Ph.D course is designed to produce post graduates with rigorous research and analytical skills, who are exceptionally well-equipped to go onto Ph. D. research , or employment in industry and the public service. The Ph.D course provides:

- **PEO 1** A period of sustained in-depth study of a specific topic.
- **PEO 2** An environment that encourages the student's originality and creativity in their research.
- **PEO 3** Skills to enable the student to critically examine the background literature relevant to their specific research area.
- **PEO 4** Publishing the results of their research in high-profile scientific journals, through constructive feedback of written work and oral presentations.

### **PROGRAMME OUTCOME (PO'S)**

- **PO 1** This programme opens the opportunity for the post-graduation students in respective stream to start research work in the interesting area which will be helpful for society.
- **PO 2** This programme have a thorough knowledge of the literature and a comprehensive understanding of scientific methods and techniques applicable to their own research.
- **PO 3** This programme develops the ability to critically evaluate current research and research techniques and methodologies.
- **PO 4** This programme creates self-direction and originality in tackling and solving problems.

### **PROGRAMME SPECIFIC OUTCOME (PSO'S)**

- **PSO 1** This programme is able to act autonomously in the planning and implementation of research.
- **PSO 2** This programme is able to demonstrate originality in the application of knowledge, together with a practical understanding of how research and enquiry are used to create and interpret knowledge in their field.
- **PSO 3** This programme has gained oral presentation and scientific writing skills.
- **PSO 4** This programme is an achievement and a significant for students' piece of research.

**Course Code: 5010112601**

**Course Name: RESEARCH METHODOLOGY**

**Course Objective**

- The objective of the course is to enable M. Phil scholar to understand the methods of research & different computer applications in research and apply the knowledge and skills in conducting research work.

**Course Outcome**

- After learning this subject scholar will be able to understand the concepts and process of research and will be able to carry out their research work effectively considering the ethics of research for usefulness of society.

**Course Code: 5010153401**

**Course Name: HEALTH GEOGRAPHY (Elective-II)**

**Course Objective**

- To study the nature and significance of Health Geography.
- To study the health system of Human body.

**Course Outcome**

- Students will be able to understand the impact of the environment on Human Health.
- Students will be aware for health.

**Course Code: 5010153403**

**Course Name: POPULATION DYNAMICS AND FAMILY WELFARE PROGRAMMES**

**Course Objective**

- To study the Population Dynamics Trend in Recent geographical background
- To study the characteristic, problem and solution of population studies,

**Course Outcome**

- By Studying the question paper, the researchers will have knowledge of all the characteristics related to the population as well as the new trend of related research

**Course Code: 5010153404**

**Course Name: Geography of human resource Development**

**Course Objective**

- To study the characteristic of human resource development.
- To study the all aspects of human resource development.

**Course Outcome**

- By studying the question Paper, the researchers will have knowledge of the method as well as the process of research for human resource development.

**Course Code: 5010153405**

**Course Name: RURAL GEOGRAPHY: THEORY AND PRACTICE (Elective-V)**

**Course Objective**

- To study the geographical background of rural area.
- To study the theoretical and methodological. Background of rural geography

**Course Outcome**

- By studying the question Paper, the researchers will have knowledge of the method as well as the process of research for Rural Geography.

**Course Code: 5010112602**

**Course Name: RESEARCH AND PUBLICATION ETHICS**

**Course Objective**

- The objective of the course is to enable M. Phil/Ph.D scholar to understand about the publication ethics and publication misconduct and to create the awareness.

**Course Outcome**

- After learning this subject scholar will be able to understand the concepts and process of research and aware about the publication ethics and publication misconduct.
