

## Quizzing Society

Quizzing is not just a test of memory but also involves the art of deduction, following the gut instincts, connecting things, etc. within a limited time. A good quizzier needs to be a team player, working in tandem, complementing other members' areas of strength, tuned to the same wavelength and drawing conclusions faster. One must also be aware of the happenings around immediate and global environment.

The CQS is dedicated to creating a thriving quizzing environment in the University and encourage questioning spirit in areas like Science and Technology, Sports, Media and Entertainment, Business and Economics, World Affairs, Literature, History, Mythology, etc. The Society also organizes quizzes every month and an Annual Inter-University Quiz is also on our calendar.
