- Q.2. Read the following passage carefully and answer the following questions:-
Books are the chief carriers of education-because of them ideas live and spread. How important books are you can judge. From the fact that very hot countries have little civilization. There are many reasons for this, but one of the most important is that white outs and who live in the tropics eat up all the books. For example in tropics South America there are practically no books more then forty of fifty years old. Where there are no books there are no regards and no literature. The ideas and knowledge of one generation are not handed on to the next, and it is much more difficult for the race to progress and become.
civilized. But it is no use having books unless people can read them and learning to read is part of what is called education.

Questions :-

- (i) How are the books chief carriers of education? 1
- (ii) Why do very hot countries have little civilization? 1
- (iii) Where and when it is difficult for the human race to progress? 1
